

Attractive, strong and SuDs compliant surfacing

Resin bound gravel surfacing has seen a sharp increase in popularity over the past few years and shows no signs of slowing. It is an incredibly sought after surfacing solution thanks to its wide range of benefits which includes being **strong, attractive, durable, low maintenance, SuDs compliant, UV stable** and **long lasting**. Our resin bound gravel kit range is **BBA approved** and can be installed onto a range of sub-bases from recycled plastic ground reinforcement grids to permeable concretes. Created by mixing together bags of washed and kiln-dried decorative aggregates with a specially formulated **double strength** resin binder in a forced action mixer creates a tacky material which is then installed by trained installers using trowels. The benefits of resin bound make it the ideal material for creating driveways, car parks, forecourts pathways, patios, terraces, urban areas and more

- RUBBER GRASS MATS
- RUBBER PLAY TILES
- BELT CONVEYORS
- STEEL FIXING PINS
- PLASTIC FIXING PEGS
- LAWN & BORDER EDGING
- FORCED ACTION MIXERS
- WATER STORAGE CRATES
- RESIN BOUND GRAVEL
- RUBBER GYM MATTING
- GRASS PROTECTION MESHES
- GRASS REINFORCEMENT MESHES
- GROUND REINFORCEMENT & GRAVEL RETENTION GRID
- SUBMERSIBLE COMBI PUMPS
- RECYCLED PLASTIC DECKING
- RECYCLED PLASTIC LUMBER
- LANDSCAPING & WEED CONTROL MEMBRANES

SUDS COMPLIANT

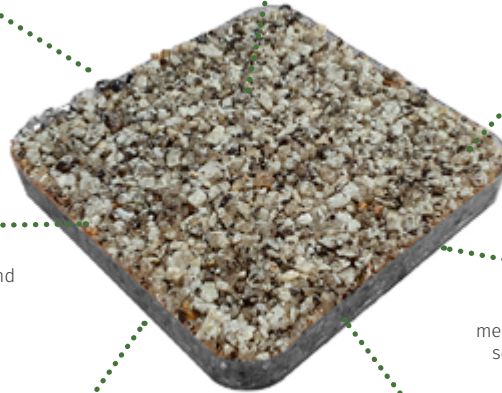

Resin bound is a permeable surface which allows water to drain away naturally and help reduce surface water build up

APPEARANCE

The unique gravel colours and kit blends make resin bound an attractive surfacing solution

STRONG

The specially formulated, BBA approved & double strength binder is able to withstand the weight of cars & HGVs

VARIATION

We have over 40 different gravel blends available to meet yours and your customers wants and needs

VERSATILE

The benefits of resin bound gravel mean that it can be used as a surfacing solution for a number of applications

UV STABLE

When mixed with the UV stable resin, your resin bound surface will not fade away or alter when exposed to UV rays

LOW MAINTENANCE

This unique surface requires little to no maintenance. A simple brush or wash when required is all you need

KEY FACTS

- » Resin Bound Gravels Kits Available: **Over 40 Variants**
- » Gravel Bag Size: **25kg**
- » Type Of Binder: **Double Strength, BBA Approved UV Stable Binder**
- » Resin Binder Includes: **2 Components**
- » Resin Binder Bucket Size: **7.5kg**
- » A Resin Bound Kit Includes: **4 Gravel Bags, 1 Resin Binder and 1 Bag of Sand**
- » Typical Installation Depths: **15mm for paths or walkways & 18mm for driveways and traffic areas**

APPLICATIONS

DRIVEWAYS & CAR PARKS

Replace traditional surfaces with a strong & attractive resin bound drive

PATIOS & PATHS

Resin bound gravel is ideal for creating appealing & long lasting patios & paths

FORECOURTS

Used to create strong & attractive areas in front of car garages & sale rooms

URBAN AREAS

Used to create a variety of beautiful, permeable & durable urban areas

TERRACES

Create attractive terrace flooring which requires little to no maintenance

RACECOURSES

A popular surfacing solution for grandstand areas & parade rings
