# Resin Bound Gravel

Attractive, strong and SuDs compliant surfacing

Resin bound gravel surfacing has seen a sharp increase in popularity over the past few years and shows no signs of slowing. It is an incredibly sought after surfacing solution thanks to its wide range of benefits which includes being **strong, attractive, durable, low maintenance, SuDs compliant, UV stable** and **long lasting**. Our resin bound gravel kit range can be installed onto a range of sub-bases from recycled plastic ground reinforcement grids to permeable concretes. Created by mixing together bags of washed and kiln-dried decorative aggregates with a specially formulated resin binder in a forced action mixer creates a tacky material which is then installed by trained installers using trowels. The benefits of resin bound make it the ideal material for creating driveways, car parks, forecourts, pathways, patios, terraces, urban areas and more

**APPEARANCE**  
The unique gravel colours and kit blends make resin bound an attractive surfacing solution

**SUDS COMPLIANT**  
Resin bound is a permeable surface which allows water to drain away naturally and help reduce surface water build up

**STRONG**  
Our specially formulated & UK manufactured ultra-strength binder is able to withstand the weight of vehicular traffic

**VARIATION**  
We have over 40 different gravel blends available to meet yours and your clients wants & needs

**VERSATILE**  
The benefits of resin bound gravel mean that it can be used as a surfacing solution for a number of applications

**UV STABLE**  
When mixed with the UV stable resin, your resin bound surface will not fade or alter when exposed to UV rays

**LOW MAINTENANCE**  
This unique surface requires little to no maintenance. A simple brush or wash when required is all you need

## KEY FACTS

- » A Standard Resin Bound Mix:  
**4x 25kg Gravel Bags**  
**1x 7.5kg Resin Binder**  
**1x 6.5kg KLCP Sand**
- » Resin Bound Gravels Kits Available: **Over 40 Unique Gravel Blends**
- » PermaBound Binder Benefits:  
**Ultra Strength**  
**UV Stable**  
**Superior Curing**  
**UK Manufactured**
- » Resin Binder Bucket Sizes:  
**6.5kg | 7kg | 7.5kg**
- » Typical Installation Depths:  
**15mm for paths or walkways**  
**18mm for driveways and traffic areas**

## APPLICATIONS

-  **DRIVEWAYS & CAR PARKS**  
Replace traditional surfaces with a strong & attractive resin bound drive
-  **PATIOS & PATHS**  
Resin bound gravel is ideal for creating appealing & long lasting patios & paths
-  **FORECOURTS**  
Used to create strong & attractive areas in front of car garages & sale rooms
-  **URBAN AREAS**  
Used to create a variety of beautiful, permeable & durable urban areas
-  **TERRACES**  
Create attractive terrace flooring which requires little to no maintenance
-  **RACECOURSES**  
A popular surfacing solution for grandstand areas & parade rings
