

RecoEdge & RecoStakes

An Attractive, Efficient & Innovative Recycled Plastic Edging System

RecoEdge is a **tough and weather-resistant** garden edging solution. It is ideal for use in a wide variety of applications to **create a strong and decorative separation** between two or more landscaped areas. With a unique textured appearance and available in both rolls and planks, this flexible edging roll **can be installed on straight borders or can be contoured** to create divisions around bends and circles. This effective edging solution eliminates crumbling edges, prevents plants and grass from growing outside of their boundary and helps to stop gravel or other materials from migrating. **Available in three colours**, it is the ideal solution for lawns, flower beds, pathways, vegetable patches, patios and more.

- RUBBER GRASS MATS
- RUBBER PLAY TILES
- BELT CONVEYORS
- STEEL FIXING PINS
- PLASTIC FIXING PEGS
- LAWN & BORDER EDGING
- FORCED ACTION MIXERS
- WATER STORAGE CRATES
- RESIN BOUND GRAVEL
- RUBBER GYM MATTING
- GRASS PROTECTION MESHES
- GRASS REINFORCEMENT MESHES
- GROUND REINFORCEMENT & GRAVEL RETENTION GRID
- SUBMERSIBLE COMBI PUMPS
- RECYCLED PLASTIC DECKING
- RECYCLED PLASTIC LUMBER
- LANDSCAPING & WEED CONTROL MEMBRANES

ATTRACTIVE
Being slightly textured to give the appearance of slate, RecoEdge will complement almost any landscaped area

EASY TO INSTALL
With the use of RecoStakes, RecoEdge is an incredibly simple to install edging system

VERSATILE
RecoEdge is a versatile product that can be used for an incredibly wide range of applications.

FLEXIBLE
RecoEdge can be installed as straight edges or contoured to fit around bends and create circles

WEATHER RESISTANT
Being made from recycled plastic, RecoEdge and Stakes are resistant to UV rays, rain, heat & cold so will not break down or rot away

COLOUR OPTIONS
RecoEdge is available in three colours; grey, brown and black to ensure there is a suitable option for every project

FULLY RECYCLED
Both RecoEdge and Recostakes are manufactured from entirely post consumer recycled plastic

KEY FACTS

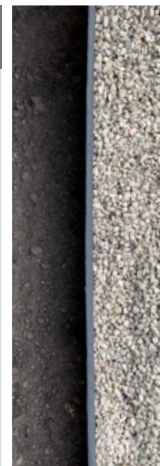

- » RecoEdge roll lengths: **20m & 10m**
- » RecoEdge plank length: **1.2m**
- » Depth: **140mm**
- » Width: **7mm**
- » Colours available: **Grey, Brown & Black**
- » Material: **Recycled plastic waste**
- » RecoStake lengths: **300mm, 400mm, 600mm & 800mm**
- » Width: **40mm**
- » Depth: **40mm**
- » Colour: **Grey**
- » Material: **Recycled plastic waste**

APPLICATIONS

- GRASS**
RecoEdge can be used to prevent grass edges from crumbling and overgrowing
- FLOWERBEDS**
RecoEdge keeps soil, plants and flowers contained whilst preventing migration
- PATHWAYS**
Pathways are outlined and confined by installing RecoEdge as a path edging
- PATIOS**
Ideal for use around patios to create separations between surrounding areas
- DRIVEWAYS**
Preventing migration, RecoEdge is the perfect edging for gravel driveways
- SEPARATION**
RecoEdge creates strong & crisp separations & prevents migration

Installation Instructions

1. Decide where your RecoEdge will be installed. Unroll your edging and cut to size if required. RecoEdge rolls are meant to be flexible and contoured (for straight edges we recommend using RecoEdge edging planks).
2. Dig a small trench and lay the RecoEdge into the trench. It is advised that you put a minimum of two-thirds of your edging into the trench.
3. Directly behind the RecoEdge at around 1m intervals, mallet your chosen RecoStake into the ground. The profile of the stakes guarantee high stability. The stakes are installed so the tops are lower than the top edge of the RecoEdge to ensure they are not visible when the installation is complete (depending on the intended use).
4. Secure the RecoEdge to the RecoStakes using stainless steel screws (2 per stake). A spirit level may come in handy to help you create a level edging.
5. Finally, backfill the edging using soil, gravel, wood mulch or other appropriate materials to ensure the edging is secure.

PRODUCT CODE	COLOUR	DESCRIPTION	LENGTH (mm)	DIMENSIONS (mm)	PACK SIZE	PALLET QTY	UNIT WEIGHT (kg)
RF20/14GR	Grey	Grey RecoEdge Roll – 20m	20000	140 x 7	1	24	20
